

MINECRAFT INNOVATORS CAMP

FOR YEAR 1 TO YEAR 6

BUILD, CODE, CREATE

Led by Ms Hayley, EdTech Coach and Primary Robotics Team mentor, this hands-on camp combines creative building with real coding challenges using Minecraft Education. Each day introduces new and exciting challenges, encouraging students to design, problem-solve, and collaborate while developing key digital skills in a fun and supportive environment.

With over 8 years of experience running workshops, camps, and ECAs, Ms Hayley creates engaging, challenge-based learning experiences. She has also coached a primary robotics team to achieve 1st place globally in the Wonder League Robotics Competition, bringing a strong focus on creativity, teamwork, and innovation.

MEET HAYLEY

EDTECH COACH

Hi, I'm Hayley, an **EdTech Coach** at **Bangkok Prep** with a background in Computer Science. I have over 8 years of experience running weekend workshops, summer camps, and extra-curricular activities, supporting young learners to explore technology in fun and engaging ways.

I specialise in creative technology, including Minecraft Education and robotics, and have coached a primary team to achieve **1st place** globally in the **Wonder League Robotics Competition**. I'm passionate about using technology to develop creativity, teamwork, and problem-solving skills, and I love creating learning experiences that are both engaging and meaningful for students.
